Samantha Allen, Location Assistant: "Maria's location scouting class is an excellent foot in the door for anyone considering a job in Locations. I learned invaluable skills in her workshop that I still use on every film set I work on. Her workshop better prepared me for a career in the industry than any other class I have taken before." "

Devin Kina, Location Scout: "To say Maria Chavez's introductory course to location scouting changed my life would be an understatement. Before I attended, my knowledge of film production was limited only to what I saw on the big screen. I had no idea how much went into finding & securing the perfect location for any given scene, yet I left the class feeling like I had been doing it for years, with all the information I learned. As one of the more experienced and sought-after location managers in Florida, who has worked on some of the biggest productions to film in the Sunshine State, Maria will not disappoint. Whether you're just starting out in the industry or have been doing it for a while, I highly recommend attending a course."

Sam Baloff, Assistant Location Manager: ""Before taking Maria Chavez's class, I never scouted professionally. I took her handbook with me on my first professional scouting job and followed it to a T. When I sent the photos to the producers, they were blown away with how well my presentation looked. Maria Chavez is hands down the best Location Manager in Florida. If you want to be a location manager or scout, you must attend this class!! The knowledge you will gain, is something you cannot learn in film school. You will learn the craft from an industry professional with over 30 years' experience."
